

FIGHT TO FINISH IN PACKING STRIKE

PROSPECTS ARE THAT EMPLOYEES WILL GO ON STRIKE MONDAY

Packers Post Notices That Strikers Will Lose Their Jobs—Union Officials Are Equally Firm—Notify Kansas City Men to Ignore the Order of Kansas Industrial Court

CHICAGO, Dec. 3.—A fight to the finish between the "big five packers" and the Amalgamated Meat Cutters & Butcher Workmen of North America was in prospect today as each side virtually finished its plans for the strike of union packing house employees ordered to begin Monday. The packers today posted notices that employees who go out on strike will lose their jobs and also advised for men to take the places of strikers. The union officials were equally firm and indicated they had no intention whatever of receding from their stand when they advised packing house workers in Kansas City, Kans., to disregard orders of the Kansas court of industrial relations to appear before it and to put the strike into effect. The court of industrial relations issued subpoenas for the officers of the Kansas City locals. Later in the day the Kansas court issued a temporary order restraining either the packers or the union from taking any action whatever. This constitutes a virtual injunction against the strike in the state of Kansas, it was asserted.

EMANCIPATION OF CHINA MAY FINALLY COME

Conferences on Question May Result Favorably

(By The Associated Press) WASHINGTON, Dec. 3.—Emancipation of China from foreign control was said to have moved forward considerably today at a conference of the nine powers, Great Britain, and France for relinquishment of large and important areas of their leased territory in China. The professed of the three powers were conditional and limited, not including all three leased areas, but were declared officially to be one of the most important developments of the far eastern conference. Definite undertakings were deferred for further discussion at the next meeting of the far eastern committee next Wednesday, three days adjournment being taken so that the discussions between China and Japan on Shantung and the studies of sub-committee on other Chinese questions could proceed. The conference delegates also desired to attend the opening ceremonies on congress next week. When the question on the agenda, removal of special spheres of influence on China was brought up today France offered to relinquish her leased territory of Kwang Chow providing similar concessions would be made by other powers having such special spheres of influence. Japan followed with restoration of an offer to relinquish her leased territory in Shantung and Great Britain joined with a proposal to relinquish the British leased territory of Wei-Hai-Wei. All of the offers except that of Japan concerning Kiao Chow were conditional upon concessions of leased territory by the other powers and also upon performance by China of certain conditions, which delegates declared probably would be met. Japan, Mr. Hanthara said stood on her former offers to give up Kiao Chow on the basis of her position outlined in her notes to Peking. Objections were presented by Japan to relinquishment of her leased territory in South Manchuria and by Great Britain to release of Kailow, opposite the open treaty port of Hong Kong. British representatives contended that Kailow was an important factor in protection of the port of Hong Kong and in insuring its retention as an open port. The only leased territory which remained for discussion as far as Japan was concerned Mr. Hanthara told the committee was the Shantung province or Port Arthur and Dairen. "As to that territory," he de-

MORSE AWAITING FURTHER WORD FROM DOUGHERTY

Asks Permission to Consult Specialist in Rome

(By The Associated Press) HAVRE, Dec. 3.—Charles W. Morse tonight was awaiting further word from United States Attorney General Daugherty regarding the shipbuilders' request to be allowed to remain in Europe until Jan. 5, for medical treatment. Mr. Morse, who arrived here from New York yesterday on the steamer, Paris, has been ordered to return on the first boat by American federal officials who are investigating his shipbuilding contracts during the war. Earlier in the day he received a cable message from the American attorney general instructing him to return to America as soon as possible but before this message had arrived, Mr. Morse had sent a second cable message, requesting that he be allowed to consult Professor MacLaffaya, a Rome specialist, before returning to America. Owing to the absence in America of W. H. P. Enrich, a Paris attorney, Mr. Morse decided late today not to seek further legal advice while awaiting the reply from Attorney General Daugherty to his second message. He said tonight he would be guided by the contents of this reply. Mr. Morse told the Associated Press correspondent this evening that the American government's desire to see him was perhaps the result of a suit brought by the Virginia ship building company against the shipping board. The government's counter-suit in which Mr. Morse claims the Virginia ship building company was made a joint defendant, was "purely a matter for the civil courts," he said. The French police officials who have Mr. Morse under surveillance, are showing him much courtesy and consideration. After luncheon today they asked the financier whether he would like to go for an automobile ride. He accepted the invitation. After returning to Havre, Mr. Morse said he was confident his request to return to the United States would be granted. He said if the American government did not wish him to go to Italy he would try to have Dr. MacLaffaya visit him either in Havre or Paris.

SEVERE STORM SWEEPS GREAT LAKES

(By The Associated Press) DULUTH, Minn., Dec. 3.—A storm of severe intensity swept the Great Lakes early today, and storm warnings were ordered displayed 3 hours in advance of the gale. All craft were reported safe in the vicinity of the head of the lakes. At White Fish Point, Lake Superior, the wind reached a velocity of 48 miles an hour. The local United States Naval radio station was in communication with stations near this center today. No reports of distressed vessels were made. The storm is subsiding rapidly.

HERE IS TIP ON THE NEW STYLES, GIRLS

(By The Associated Press) CLEVELAND, O., Dec. 3.—Ornate styles and low waist lines with wide graceful sleeves and the skirt slightly longer, but still short enough to retain a "youthful appearance" were recommended for the spring and summer of 1922 by the National Cloak, Suit & Skirt Manufacturers' association in convention here today. The combination of Matelasses, plaids, satins or taffetas with plain cloths are suggested, with ornaments of cut steel ball heads, Angora wool, braids, stitching, leather trimmings and buckles. MARSHAL FOCH VISITS SAN FRANCISCO San Francisco, Calif., Dec. 3.—Marshal Foch, of France, generalissimo of the combined allied armies, was the honored guest of San Francisco and the bay cities throughout today. Tonight the marshal was the dinner guest of the Bohemian Club. Late this afternoon he visited the presidio and was given a reception by disabled war veterans undergoing hospital treatment there. Earlier he was the guest of the San Francisco French colony. Many former soldiers of France were gathered to meet him at its reception in his honor.

KANSAS PHYSICIAN FOUND GUILTY AND GETS LIFE SENTENCE

Jury Out Five Hours Before Reaching a Verdict

(By The Associated Press) GREAT BEND, Kans., Dec. 3.—Dr. W. A. Nixon, a physician of this city, was sentenced in district court here today to serve the remainder of his life in the state penitentiary at Lansing, following his conviction by a jury on a charge of having killed Arthur C. Banta. Banta, a prominent young attorney, was shot to death on the night of July 6, last. After five hours deliberation the jury that heard the circumstantial evidence presented against him by the prosecution returned a verdict of guilty of first degree murder. Sentence followed after Judge Harris denied a motion for a new trial. An appeal will be taken to the state supreme court, attorneys for the convicted physician announced. Judge Harris fixed bond at \$50,000 pending the outcome of the appeal. A decision from the high court probably cannot be had for three or four months, attorneys said.

ASK GOVERNMENT TO AID ALL WHO ARE OUT OF WORK

Also Want System of Pension for the Aged

(By The Associated Press) DETROIT, Mich., Dec. 3.—Exploring what is termed widespread unemployment throughout the country, speakers at a national conference of unemployed here today made a plea for governmental aid for all persons out of work and for a government system of pensions for the aged. James Eads How of St. Louis, a national trustee of the Brotherhood of Welfare Workers; Nicholas Klein, Cincinnati attorney, and Robert Irvin of St. Louis were speakers at the opening session. Senator LaFollette, one of the scheduled speakers, was unable to attend. Speaking of the recent unemployment conference in London, Mr. Irvin declared no tangible results had been shown as the result of it. LOTS OF LIQUOR FOUND IN LINCOLN (By The Associated Press) LINCOLN, Ill., Dec. 3.—Eight men were in jail and fourteen truck loads of liquor were stored in the court house yard under guard here tonight as the result of raids by Sheriff Alberts and deputy sheriffs under State's Attorney Evan Worsh. With the confiscation of 1,000 gallons of whiskey the raiding party planned to continue their campaign against liquor violators and other raids were in prospect during the next winey four hours, State's Attorney Worsh said. The raids were the result of investigations by private operatives engaged by the state's attorney. The Logan county board recently appropriated \$500 to the state's attorney for waging war against bootleggers.

DAUGHERTY DENIES REQUEST

(By The Associated Press) COLUMBUS, Ohio, Dec. 3.—Attorney General Daugherty today denied the request of Charles W. Morse, ship builder and financier under orders to return to the United States immediately, that he be permitted to remain in Europe until Jan. 5, to consult a Rome specialist. Mr. Daugherty said he had directed Mr. Morse to return by the steamer, Paris, which sails from Havre next Tuesday, after receipt of a cable message from Mr. Morse asking that he be permitted to delay his return. Mr. Daugherty also stated that he had advised the American embassy at Paris that steps be taken to bring about the return of Mr. Morse on the Paris next Tuesday.

MORSE WILL SAIL MONDAY

Washington, Dec. 3.—Charles W. Morse, ship builder and financier who sailed for France a few days before it became publicly known that his ship contracts were to be made subject to grand jury inquiry notified Attorney General Daugherty late today that he would return to the United States, sailing from Havre Monday.

COMPERS COMMENTS ON ARMS CONFERENCE

Washington, Dec. 3.—Samuel Compers, president of the American Federation of Labor, disapproved the arms conference in a statement tonight, declared an agreement on limitation of naval "armament would be a magnificent achievement," but if the conference stops there it cannot be said to have succeeded. TEN CHICAGO SALOONS CLOSED Chicago, Dec. 3.—Ten Chicago saloons were closed by the federal courts today. One was closed by a fine totalling three times the amount of the bribes accepted. Herzog's attorneys asserted they will appeal the case to the circuit court of appeals.

JUDGE REFUSES TO DISCHARGE ARBUCKLE JURY

Tells Them to Deliberate Until 10 A. M. Today

(By The Associated Press) SAN FRANCISCO, Cal., Dec. 3.—The jury in the manslaughter case of Roscoe C. ("Fatty") Arbuckle was taken to its hotel at 10:37 p. m. after Miss Louise E. Winterburn is reported to have suffered a slight attack of illness. The jury is to return to court at 10 a. m. tomorrow. Add JUDGE—F. M. A. SAN FRANCISCO, Cal., Dec. 3.—The jury in the Roscoe Arbuckle manslaughter case must reach a decision or continue its deliberations at least until 10 o'clock tomorrow morning, Judge Harold Louderback, the trial judge, having denied the request of counsel for both sides late today that the jury be discharged. The judge said he would consider tomorrow morning if no verdict had been returned by that time, whether he would hold the jury longer. The request for its discharge was made on the ground that the jurors were "tired out and that it would be coercion to keep them balloting further." It was made at approximately 6 p. m., after the jurors had been out of the court room more than 25 hours and had spent nine hours in balloting or discussion. The jury was given a recess of two hours for dinner at 6:30 p. m. Corridor gossip said seventeen ballots had been taken, all 11 to 1, in favor of acquittal. When the jurors returned from the dinner recess they were taken into a new jury room on the opposite side of the building from the one in which they deliberated formerly. This was "to get them away from the crowds," it was explained.

FORD AND EDISON ARE INSPECTING MUSCLE SHOALS

Are Given An Ovation in Streets of Florence

(By The Associated Press) FLORENCE, Ala., Dec. 3.—Henry Ford, Detroit automobile manufacturer, and Thomas A. Edison, late today inspected the skeleton of the great Wilson Dam around which the former proposes to build an industrial plant. On arrival here Mr. Ford and Mr. Edison proceeded to Wilson Dam driving thru the streets where they were accorded an ovation. Enroute to Florence Mr. Ford talked freely to newspaper men and emphasized that he had not changed his original bid for the Muscle Shoals project and that his visit was principally to allow Mr. Edison to visualize the project in its entirety and to verify the original figures submitted by Ford's engineers. The main point of difference between him and the government, Mr. Ford said, lay in the cost of completion of Wilson dam. "We want Muscle Shoals," he said, "because we want a job, and we want to help provide cheap fertilizer for the farmers of the nation."

FORMER PROHIBITION OFFICER FOUND GUILTY

MILWAUKEE, Wis., Dec. 3.—Bert P. Herzog, former prohibition enforcement official, was found guilty of bribery charges by a jury in federal court late this afternoon. The jury voted guilty on eight counts. Sentence was deferred until Tuesday by Judge P. A. Geiger and Herzog was released on a new bond of \$15,000. The maximum sentence under the verdict is three years on each count or twenty four years on all counts if the totalling three times the amount of the bribes accepted. Herzog's attorneys asserted they will appeal the case to the circuit court of appeals.

EMPLOYED WILL PICKET THE CAPITOL

DETROIT, Mich., Dec. 3.—Decision to send a committee to Washington "to picket the capitol and white house and to take any other steps deemed advisable" to bring the unemployment situation to the attention of congress and the American people, was made here tonight at a national conference of the unemployed. The committee to be composed entirely of unemployed, will be named at tomorrow's session and is expected to leave for Washington within a week, it was announced.

MARKING TIME AT EAST ST. LOUIS

East St. Louis, Ill., Dec. 3.—From 1,500 to 1,800 employees of the local packing houses of Armour & Co. and Swift & Co. this evening left the plants prepared to follow the general order to protest against the announced wage reduction and open shop policy. Earl W. Jimserson, vice-president of the Amalgamated Meat Cutters & Butcher Workmen of North America, announced to-night. Every effort would be made by the local union officials, Mr. Jimserson said, to preserve peace and order during the strike. Officials of Swift & Co. and of Armour & Co., declared they believed only a small number of their employees would join the strikers whose places would be filled from the ranks of the army of unemployed that appeared daily at the gates of the plant.

STOCK EXCHANGE SEAT SELLS FOR LARGE SUM

NEW YORK, Dec. 3.—Three seats on the New York stock exchange were sold today for \$95,000 each. This is a \$5,000 increase over the last sale, reported early in the week.

COURT RULES THAT STATE OFFICERS HAVE NO POWER

Cannot Effect Rearrangements of Senatorial Districts

(By The Associated Press) JEFFERSON CITY, Mo., Dec. 3.—The state supreme court held today that the governor, attorney general and secretary of state are without constitutional powers to effect a rearrangement of the state senatorial districts. The court held the legislature has sole authority to redistrict the senatorial districts. Under the amendment of 1905 incorporating the initiative and referendum into the state constitution the governor, the attorney general and the secretary of state lost their power to redistrict the state senatorial divisions, the court ruled. The action of these executives in redistricting the state on April 16, last becomes void. Under a constitutional provision, the executives were expressly given authority to affect redistricting every ten years in event that the legislature failed to act. The initiative and referendum amendment, however, the court held repealed this authority.

MINE WORKERS ASK PROTECTION FROM COUNTY AUTHORITIES

Request Comes on Order For Withdrawal of Troops

(By The Associated Press) CHARLESTON, W. Va., Dec. 3.—Simultaneously with the receipt of orders authorizing Col. C. A. Martin, commanding, to withdraw troops from the West Virginia coal fields, a telegram was sent to President Harding by attorneys of the mine-workers' union in this district, requesting him to use his "good offices and such agencies of the federal government as may be available to halt the belligerent action of the Logan county authorities." C. F. Keeney, Fred Mooney, William Peary and William Blizard, officials of District No. 17 United Mine Workers of America, are in the county jail here awaiting trial under charges of conspiracy in connection with the march of armed men into Logan county last summer. They were indicted in Logan county, under similar charges also, but may not be arrested by the Logan authorities to answer the indictments, until released on bail in this county.

TWO MEET DEATH IN CHICAGO SALOON FIGHT

(By The Associated Press) CHICAGO, Dec. 3.—Adolph George, Jr., a saloon keeper, was shot and killed in his place of business tonight and George Gash, a patron, was fatally wounded during a fight said by the police to have followed an altercation with a waiter. The police tonight were hunting several political and labor leaders said to have been in the saloon at the time, including Thomas Kearney, president of the Chicago Building Trades Council; former county Judge John E. Owens; Thomas J. Walsh, business agent of the Sheet Metal Workers, and Nicholas Michels, former assistant state's attorney. Several suspects are under arrest. Gash died in a hospital a short time after the shooting.

REMOVAL OF FAMILY WIPES OUT TOWN

(By The Associated Press) LANCASTER, O., Dec. 3.—George Fraule who moved his wife and fifteen children from Hocking county to North Berne, two years ago, thereby doubling the population and causing the census enumerator to change it from a hamlet to a village, today literally wiped the place off the map again by moving away. Fraule operated a general store and was mayor and postmaster. Owing to the removal of his big family, North Berne now loses its post office and will receive its mail by rural delivery out of Lancaster. Petitions are being filed for Fraule's return. CHANCELLOR WIRTH APPOINTS COMMISSION Berlin, Dec. 3.—Chancellor Wirth has appointed a commission for dealing with the question of credits. Its deliberations, which will be under the guidance of the chancellor, behind closed doors will concern direct dealings with foreign security brokers for the purpose of obtaining credits abroad to enable Germany to meet her obligations to the allies.

AGREEMENT ON NAVAL RATIO NOW AWAITING WORD FROM TOKIO

Great Britain, Japan and France Confer Relative to Withdrawal from Portions of Leased Territory in China—Naval Settlement May Include Fortifications in Pacific

(By The Associated Press) WASHINGTON, Dec. 3.—The naval ratio negotiations apparently at their most favorable stage since the arms conference began, waited on Tokio today while the representatives of Great Britain, Japan and France were coming together in a conditional agreement for withdrawal from portions of their leased territory in China. Outward developments contributed nothing to the status of the naval discussions but the impression grew in usually well informed circles that the American, British and Japanese governments were considering in provisional form an agreement that not only would include acceptance of the American "5-5-3" ratio, but would have to do as well with Pacific fortifications and some of the political problems of the Far East. Definite action, however, will have to wait for several days while the Japanese delegates feel out the attitude of their home government toward the newest phase of the negotiations as it shapes up from last night's conference between the heads of the American, British and Japanese delegations. In the meantime what actually occurred at the meeting of the "big three" is a closely guarded secret, all authoritative spokesmen refusing to take notice of the resulting crop of guesses, conjectures and surmises as to what "alliances," "understandings," or "compromises" might be in contemplation. In the far eastern negotiations on the other hand the developments centering about the Chinese leases were of so pronounced a character as to be regarded generally as ranking among the most important of the whole conference. The British, Japanese and French in turn expressed their willingness to give up certain of their holdings in China and also definite undertakings are yet to be formulated, the move was accepted by the friends of China as promising a substantial modification of the principle of "spheres of influence."

PROPOSALS OF R. R. TO REDUCE RATES ALLOWED

Effective Thruout U. S. Outside of New England

(By The Associated Press) WASHINGTON, Dec. 3.—Voluntary railroad proposals for inauguration of a ten per cent decrease in freight rates on practically all farm, range and orchard products in the United States outside of New England, were accepted today by the Interstate Commerce commission. Orders were issued allowing the railroads to disregard all usual restrictions in making up the new rate schedules as well as such violations of the long and short haul clause of the interstate commerce act as might be brought about by percentage reductions. The orders also permit the rates to be put into effect on one day's notice on as early a date and in as inexpensive a manner as possible, for a six month experimental period. At the same time the commission left standing its order of October 20, requiring an approximate 1 1/2 per cent rate decrease. (Continued on Page Four.)

Another thing to remember in early shopping is that the first who come are the first served. The offerings are always larger a few weeks before Christmas than they are a few days before. So the shopper who buys early makes the interests of friends foremost.

John Walker of the state federation of labor, said the other day that practically no one in Kansas now approves the industrial court idea. But possibly his judgment of the case was somewhat biased. At any rate, the members of the court promptly made an effort to help out with the packing employees' strike prospect in that state by a court order.

If it is shown that a lone woman on the Arbuckle jury resulted

in no verdict, the charge must be withdrawn that women are not positive enough in their service. It takes either a large amount of courage or an equal quantity of obstinacy for one juror to oppose the views of eleven associates.

President Kinley of the University of Illinois, evidently does not approve the idea of the federal government taking much of a hand in educational work in the states. The president struck a responsive chord when he said that there is too much tendency these days toward federal interference in state problems.

Money for loans to farmers who have stable credit, is now available through the war finance corporation, so the Corn Belt advisory committee declares. The farmer without credit has no reason for expecting a loan from either a bank or the government. One natural effect of the big fund now available will be to strengthen the prices for farm products. The idea is that loans will aid the farmer in holding back his livestock and grain and marketing it at a time when prices are more satisfactory.

The next thing in order will be for the consumer to object to the finance corporation plans on the ground that the effect is to increase the cost of living.

SHOP AT HOME.

Christmas shopping is getting under way. "Shop at home" suggests the leading paper of a small New Hampshire city. It is a suggestion which the citizen of any community may well take to heart.

The home town merchants are anxious to serve. They can only charge their facilities for service as their patronage permits it. If there are things which they do not carry they will be glad to order them, if the customer will make his special desire known. The chances are that, because their overhead is smaller, they are in a position to give a better price on any commodity than the more remote dealer. They serve the town faithfully the year round, and it is not fair that the big business of the season should go elsewhere.

Their prosperity is the town's prosperity. Shop at home.

COAST TO COAST RATES.

The railroads are calling for a reduction of rate on transcontinental freight. They want it not for the altruistic purpose of reducing the nation's cost of living but for the practical purpose of meeting the coast-to-coast water rates. Ships, eager for business, are really competing for the traffic and carrying freight via the canal in about the same time that the railroads take, and considerably cheaper. The railroads are determined to meet this water competition even if it means a loss to them.

This is pleasant news to the manufacturers and consumers of both seaboard. It is proof to them that the Panama Canal is doing the work it was intended for. It is less pleasant news to the inland section, especially the

mountain states. The Rocky Mountain News suggests plausibly enough, that the inland territory will have to make up, in high freight rates, what the East and West save and the railroads lose on low rates, and that it isn't fair.

The canal, the Denver paper remarks, was built at the expense of the whole nation and is maintained by the taxes of all the people, being unprofitable as a purely business proposition, wherefore, "the canal must not be used to depress one section of the country for the benefit of another."

It will be still worse, the News insists, if Congress remits the tolls now paid by American vessels going thru the canal. That would mean still cheaper carrying charges between Atlantic and Pacific points by water, which would in turn have to be met by the railroads, and then the roads would take it out on inland traffic. Here is the making of a sectional quarrel.

DEATHS

Dooley
J. H. O'Donnell of this city has received a communication announcing the death of James Dooley of Chicago. The deceased was formerly a resident of this city and is quite well known here. The remains will be brought here for burial. All of the funeral arrangements have not been made but it will probably be held from the Church of Our Savior sometime Monday morning.

He is survived by his widow and one daughter, Mrs. Robert Pierce of Chicago and the following sisters: Miss Bea Dooley, Springfield, Mrs. W. J. Scott, Chicago; Mrs. John Halligan, this city and Mrs. Mayme Sharpe of Lincoln, Neb.

MATRIMONIAL

Flynn-Rose.
Grover Flynn of Mt. Sterling and Miss Anna Rose of Merced, Cal. were united in marriage at the court house at 3:30 o'clock Saturday afternoon by Justice A. B. Opperman. The ceremony was witnessed by County Clerk G. L. Riggs and W. T. Reaugh. The groom is engaged in operating a sawmill and they will make their home in Mt. Sterling.

FRENCH FAMILIES

OWN THEATERS
PARIS—(By the A. P.)—The number of cases in which French families manage, act and, in some cases provide the plays for Paris theaters, is the subject of much comment in theatrical circles.
So successful are these family combinations that Jean Richepin, poet and member of the Academie, and his son, have jointly applied for the management of the Odéon, recently changed.

WILL PUT NO MORE FISH IN ILLINOIS RIVER

Peoria—(By A. P.)—The Illinois river, because of its polluted condition, will not be restocked with fish at the expense of the government, according to W. L. Talbot, inspector of the Peoria district. Abandonment of the Illinois river as a hatchery is foreseen. Fishermen report a great decline in catches the past few years.

HARD ROAD MAY BE OPENED WEDNESDAY

Unless Prevented by Freezing
Weather Contractor Lonergan Will Soon Have Earth Covering Removed from Pavement.

Unless the weather becomes much colder it is the expectation of Contractor W. L. Lonergan to open the hard road east of the city trail next Wednesday, Dec. 7. This time that specifications provide will have expired at that time and it will then be possible to open the road for travel. How the next few days it will not cold the next few days it will not be possible to remove the earth from the surface of the pavement and the opening will be deferred. Mr. Lonergan said last night that he will notify the public on Tuesday as to whether his present plan can be carried out.

Contractor Lonergan has a force of men working on the construction of a concrete bridge near Alexander and on two small culverts at points between Arnold and Alexander. Another force of men is doing the grading work in connection with the trestle east of Arnold. This grading work can continue until the ground is frozen to a considerable depth.

FUNERALS

Atwood
The remains of the late A. W. Atwood were brought to Jacksonville from his home in La Grange, where death occurred recently. The body was taken to the Reynolds mortuary home. A brief service was held at the home of Miss Fannie Kline and Mrs. Lottie K. Hatch, and then the remains were conveyed to Diamond Grove cemetery.

Rev. W. H. Marbach, pastor of State street church, read the 23rd psalm and commented upon verses of Scripture that Mrs. Atwood in conversation had told him came to her in the hour of sorrow with special comfort. The minister said that those who live righteously, find that in the hour of need the Everlasting Arms support them. The service concluded with a fervent prayer.

Many beautiful flowers had been sent by relatives and friends. The flowers were cared for by Mrs. W. L. Alexander, Mrs. Fred Lane, Mrs. Hugh Breiden and Miss Lucretia Hutchinson.

The pallbearers were G. M. Luttrell, H. M. Capps, W. T. Capps, T. M. Tomlinson, Ralph I. Dunlap and J. W. Walton.

The larger assortment of later style neckwear shown by FRANK BYRNS enables buyers to make satisfactory selections.

DEATH COMES TO MISS ROBINSON

Well Known Young Woman Died Saturday Afternoon—Passed Monday Afternoon at 2 O'clock.

Miss Louise May Robinson died at her home 223 West North street at 1:35 o'clock Saturday afternoon after an illness of several months.

Decedent was born in this city March 13, 1900 and her entire life had been spent here. She graduated from Jacksonville high school in the class of 1917 and then entered Illinois college. She was a member of the class of 1921 but was compelled to give up her work in the second semester because of failing health.

Miss Robinson was a talented musician and gave her services unselfishly in church, lodge and club work so long as her health permitted. Until her last illness she was pianist for State Street Sunday school.

When 12 years of age she united with State Street Presbyterian church and always took an active part in church and Sunday school work. She also was a member of Agora society of Illinois college and of Jacksonville lodge No. 13 Rebekahs. In all of these organizations she was loved for her cheerful spirit and her death will bring regret to those with whom she was closely associated.

Her father preceded her in death in 1904. She is survived by her mother, cousin, Roy Lamb and aunt, Miss Flora Lomb, all of this city and grandmother, Mrs. Jane Robinson of Pittsfield.

Funeral services will be held from the residence, 223 West North street at 2 o'clock Monday afternoon in charge of the Rev. W. H. Marbach, pastor of State Street church.

MARKHAM

The G. T. C. club met this week with Mrs. M. L. Watt. A very interesting paper on "The First Thanksgiving," was written and read by Mrs. Wilbur Williams, after which refreshments were served. The next meeting will be with Mrs. Wilbur Williams.

The Mount Zion Ladies' Aid held an all-day meeting Thursday with Mrs. Emma Johnson. The attendance was good in spite of the bad weather and all who were fortunate enough to be present, enjoyed the big dinner and social time.

We are glad to welcome to our neighborhood Mr. and Mrs. George Megginson, who are moving on the E. R. Carter farm, recently purchased by them.

Mrs. Amanda Watt, has returned to her home in Woodson after a visit with Mr. and Mrs. M. L. Watt and family.

WORK PROGRESSES ON SERVICE STATION

Work on the Get Gas Co. service station at the corner of Morton avenue and outh Main street is progressing. The residence has been raised from the foundation and will within a few days be moved to the part of the lot where it will be located. It is the expectation of the company that the construction work can be so pushed that the station will be in use before winter weather comes.

WOODSON
There will be a meeting of the Woodson branch of the Morgan county chapter of the American Red Cross at the Christian church at 2:30 o'clock this afternoon. The regular annual election will be held at this time.
All members are urged to present.
Mr. and Mrs. Tom Hawks and family of Woodson left Thursday morning for Eureka Springs, Ark., to spend the winter. They are making the trip by car.
Dick Butler of Woodson called in Jacksonville yesterday.

The World's Greatest Emotional Actress in the World's Greatest Love Story Her Supreme Triumph

NAZIMOVA

in "CAMILLE"

Adapted by June Mathis from the Dumas Masterpiece

Camille, the woman, beautiful and notorious, ancient as the dawn of history, new and ever-fresh as an April morning, soft as a lullaby and loud as a trumpet blowing, strong in her steely resolutions and tender as threads of gossamer, the inscrutable, passion-swept woman, who gives everything for the supreme love of her life, even to surrendering that love itself; Camille has epitomized for the theatre what Sappho realized through the ages in poetry and Thais in prose. The drama with which Alexander Dumas, the younger, thrilled the world, the drama which afforded the greatest triumphs for the leading actresses of the past generation, is now remade in modernized in motion pictures, with the great NAZIMOVA as Camille. In it the genius of the Russian actress finds its most tingling expression. She is the Camille of modern France, chic with the smartness of the real Parisienne who gowns at the Rue de la Paix, sparkling with the golden gaiety of Pol Roger, dancing with the abandon of a gleesome pagan from the Casino in the Montmartre, and loving with the intensity of one who gives life for love.

Send C. E. Gibbs and C. L. Hawker to Agricultural Association Meeting.

The executive board of the Morgan County Farm Bureau held its last monthly meeting of the year yesterday morning, at which time the directors voted to send C. L. Hawker and C. E. Gibbs to the annual meeting of the Illinois Agricultural association in Springfield, January 11 and 12.

County Agents Kendall and Rucker submitted reports for November. A discussion of the program outlined by Mr. Kendall for the coming year was discussed.

The president of the bureau, C. S. Black, expressed his appreciation of the co-operation given by the directors during the past year and also his hope for another year just as successful.

BOYS BROTHERHOOD TO BE ORGANIZED
J. S. Findley, Y. M. V. A. secretary, has begun organization of an employed boys brotherhood here. A number of boys who devote their entire time to work of some sort met at the Y office in the Scott block recently to discuss the project.

The purposes of the organization are:

First. To assist boys in their vocational life.

Second. To supplement their education.

Third. To provide recreation that re-creates.

Fourth. To encourage thrift.

Fifth. To promote fellowship.

Sixth. To encourage interest in home life, and give right ideals for the future home.

Seventh. To help boys in finding their place in church activities.

Meetings of the organization will be held once a week, with a supper preceding. Business matters will be taken up and a special course of study. Papers will be prepared by the members, and speakers will address the club on various occasions.

The following boys were present: Fred Lucas, James Woods, Kenneth Barton, Harry Fitch, Russell Smith and Francis Carroll. Each were given a list of prospective members to see before the next meeting, to be held in the Y. M. C. A. office in the Scott block Monday evening.

Luttrell's Majestic Theater Truest Story Ever Screened Monday and Tuesday

Can a Girl Have Two Souls—One Good, One Bad?

Constance Binney

"The Case of Becky"

Adapted from Edward Locke's famous play presented by David Belasco with Frances Starr playing the dual role of Dorothy and Becky.

Before Dorothy Stone was born, a traveling magician or hypnotist named Balzamo visited the little town where Dr. Emerson and his young wife lived, and when he departed he took with him in hypnotic subjection the woman who became Dorothy's mother. The seventeen years that followed saw the three, the magician, the faded woman and the young girl, traveling about from one country fair to another until the opening scene of the story which shows the grief-stricken girl rising from her mother's death bed with the decision made to run away from the unbearable life she was living.

Dorothy found shelter and a home in a quiet little village with the Arnolds, mother and son, who treated her as a daughter.

One day in the garden when John Arnold, who had fallen deeply in love with Dorothy and she with him, was showing her the diamond engagement ring he had brought her, she suddenly fell into a strange trance from which she emerged a changed girl—a wild, incorrigible, impenetrable, witch-like being who called herself Becky.

Dr. Emerson, now a famous nerve specialist, was called, and took the girl under his charge. He became convinced that the girl was a hypnotic subject of some man's malevolent power. After a remarkable contest of wills he hypnotized the magician, Balzamo, and destroyed his power, after which Dorothy was restored and all ended happily.

AMERICAN LEGION SUEING FOR DAMAGES

(By The Associated Press)

OMAHA, Neb., Dec. 3.—E. H. Shoemaker, of New London, Wis. consin, was named defendant in a \$100,000 suit filed in state district court today by William Ritchie, Jr., state commander of the American Legion on behalf of the Nebraska department of the Legion.

Mr. Ritchie charges that Shoemaker at a recent labor meeting made false statements concerning the Legion among them assertions that the Legion was subsidized by "big interest" and they it was opposed to organized labor.

Mr. Ritchie said he obtained approval of the court action by long distance telephone from the Legion national commander who was in San Francisco with Marshal Foch of France today. He declared the Legion did not care about recovering damages out wanted to prove at a hearing that it was not opposed to organized labor.

PROPOSALS OF R. R. TO REDUCE RATES ALLOWED

(Continued from page 1)

crease on grain, grain products and hay through the entire trans-Mississippi district which the railroad was later instructed to put into effect by December 27. The railroad executives in applying to the commission last week suggested that the general 10 per cent decrease on agricultural products which they contemplated should apply to the Western grains and hay as well as to the other commodities and become a substitute for the 43 per cent. No mention of this point in the railroad procedure was made by the commission today, except that grain products and hay in western territory were omitted from the permissory order accepting the general decrease.

Reductions in New England territory where the financial status of carriers is held not to justify a full 10 per cent decrease were also contemplated in the voluntary application last week and in the commission's orders today the roads concerned were given permission to make such decreases as they found possible, effective after a five day notice period.

While the commission swept all administrative barriers to the ten per cent decrease it was pointed out that further steps would have to be taken by the railroad management before the lower rate basis actually comes into effect. The commission's failure to consider the 10 per cent decrease on grains and hay as a substitute for the greater reduction it previously had ordered, it was said might bring about proceedings and conference.

At the same time the commission's investigation into the reasonableness of the general level of transportation rates in the United States will begin next week and if the railroads are disposed to withdraw their voluntary offer the tariffs on the actual products may be left to adjudication in that proceeding.

IRISH DELEGATES RETURN TO LONDON

Dublin, Dec. 3.—The Irish plenipotentiaries after important discussions here today on the latest British proposals, started on their return to London to take up once more the details of the Irish settlement.

The Dail Eireann cabinet meeting concluded at 7 o'clock this evening consideration of the British proposals having completed. Eamonn DeValera proceeded to Galway.

The first meeting in the morning was attended by all the plenipotentiaries including those not members of the inner cabinet. Between three and five o'clock in the afternoon the members of the inner cabinet conferred together for two hours, between five and seven the cabinet and the plenipotentiaries.

PLAN CAMPAIGN FOR RELIEF OF JEWS

CHICAGO, Dec. 3.—Representatives of ten middle-western states included in Zone Seven of the American Jewish relief committee's campaign organization, will meet here tomorrow to arrange for a drive to secure the zone's share of the \$14,000,000 being raised for the relief of war sufferers in eastern Europe. The quota of Zone Seven is \$3,500,000 and the ten states in the zone are North Dakota, South Dakota, Nebraska, Iowa, Michigan, Indiana, Wisconsin, Minnesota, Kentucky and Illinois.

The brilliance of the sunrise yesterday attracted the notice of everyone that arose early enough to see it. This was not the first time that the firemen have been called to put out the sun or quench the rays of the moon.

OVER FIVE HUNDRED FOR SCHOLARSHIPS

Functions of Illinois Educational Commission Summarized in State Department Bulletin

The Educational Press Bulletin, issued by the state department of public instruction, in the last number, gives a statement outlining the work of the state educational commission.

This statement follows:

"The Illinois educational commission is authorized and directed:

"(a) To investigate the entire educational system of this state, with a view to standardization, unification and correlation of its various efforts, policies and agencies, and to establish such systems and methods as are in harmony with the educational requirements of the state and the most advanced educational thought.

"(b) To suggest for the guidance and assistance of the next general assembly such revision of school laws as may be necessary, and to prepare drafts of proposed acts where changes are recommended.

"(c) To investigate inequalities in taxation, resulting from the establishment of community high schools or from any other cause, and to report methods of securing more equitable taxation for school purposes.

"(d) To consider means for securing sources of revenue for school purposes in addition to direct taxation.

"(e) To investigate the necessary and comparative needs and expenditures for elementary and higher education.

"(f) To investigate the proper functions of the normal schools, their proper and necessary courses of study and the necessity for uniformity of methods, attendance at many of the state normal schools; to ascertain their unused facilities and their accommodations for additional students; to investigate the propriety of state normal schools preparing teachers for other than elementary grades; to investigate the methods of the pupils' training department at the state normal schools with a view to ascertaining their efficiency and whether advantages or otherwise to the pupils taught therein by normal school students.

"(g) To investigate the present and future needs of the state university with a view to providing university education for all students of the state qualified to enter and desirous of entering the university. To consider the advisability of restricted attendance at one center in certain courses, and to permit of instruction in prescribed courses of the university at one or more of the state normal schools, if such procedure is consistent with the best purposes of both pedagogic and university education.

"(h) To consider the policy of placing all of the state's higher institutions of learning under the management of a single controlling body.

"(i) To investigate housing conditions for students at the higher institutions of learning and to consider means of moral and physical, as well as cultural development of students.

"(j) To establish a plan of vocational education and determine its place in our educational system.

"(k) To investigate any and all other matters that may improve the educational policies and school laws of this state.

"The Illinois educational commission shall make an exhaustive and thorough study and investigation of the matters herein specified and shall report its conclusions, findings and recommendations thereon to the fifty-third general assembly.

EMANCIPATION OF CHINA MAY FINALLY COME

(Continued from Page 1)

clared, "the Japanese delegated desire to make it clear that Japan has no intention at present to relinquish the important rights she has lawfully acquired and at no small sacrifice. The territory in questions forms a part of Manchuria, a region whereby reason of its close proximity to Japanese territory more than anything else has such vital interest in that which relates to her economic life and national safety.

This fact was recognized and assurance was given by the American, British and French governments at the time of the formation of the international consortium that these vital interests of Japan in the region in question shall be safeguarded."

The United States according to reports expressed a sympathetic attitude toward Chinese aspirations for return of the leased areas, but America, having no leased territory was said not to be concerned directly in this phase of the discussions.

Confidence was expressed in American quarters tonight however, that thru other meetings an agreement would develop for relinquishment of several of the leased areas and understandings in the future administration of the rest.

PLAN ALUMINUM MARKERS FOR ROADS

Springfield—(By A. P.)—Illinois is planning to mark its roads next year with aluminum markers shaped like the map of Illinois. The markers will be distributed along all routes of the state system and will show the number of the routes. At the same time highway officials will remove all official state signs from the highways. Roadside advertisements must go.

MOLINE MAN GETS APPOINTMENT

Moline—(By A. P.)—Cvetel DeVoghele, of Moline, chancellor of the Belgian consulate, has been named Belgian vice-consul by King Albert. Mr. DeVoghele, for 20 years a resident of Moline succeeds the late Babron E. Cartier who died last January. His appointment means continuance of the Belgian vice-consulate here.

JUDGE GOES OUT AND GETS JURORS

Edwardsville—(By A. P.)—Frustrated at the glowness with which his bailiffs collected a "pickup" jury after the regular venire was exhausted Judge Gillham of the circuit court here donned coat and hat, walked out into the streets, picked up enough jurors to fill the box, and went on with the trial.

Mr. Sheffield was formerly deputy collector in Greene, Jersey and Calhoun counties. He is taking the place left vacant by the promotion of S. J. Thompson to the district offices in Springfield.

FORMER DECATUR BOY
IN BRAVE ACT

Consented to Serious Operation to Aid Crippled Child—Watched Operation and Invented New System of Surgery Pictures

The Decatur Review tells a remarkable story of the bravery of Ernest Hizer, a crippled boy at one time in the employ of the Review. A year or two ago he removed to San Francisco and it was in a hospital there that he recently permitted an operation on his foot in order that he might be of aid to the surgeons in performing a successful operation on a little crippled girl, occupying a room near his in the hospital.

The following is the Review's story of this act of heroism and also of the inventive genius displayed by Hizer:

"After traveling to a number of cities, Hizer arrived in San Francisco, discouraged by the fact that his right leg bothered him badly.

"He was practically 'broke,' but he wouldn't come home or send for help. Quoted in the San Francisco paper, he says he 'actually flipped a coin to decide whether he would take cyanide

or appeal to the board of health. "The board won and he went to the hospital, where it was decided the leg must be amputated. In a nearby room was a little girl, suffering from a broken foot and with which the surgeons had not been having much success. It was going to be necessary to break the foot over again. Hizer, hearing of the little girl's misfortune, reasoned this way. He was to lose his foot any way so why not let the doctors break his foot and use it for the necessary experiment. He submitted the plan to the surgeons and it was accepted.

Patents, Idea
"The result was the doctors applied local anesthetics and broke the foot while Young Hizer sat propped up in the bed and drew pictures of the work as it progressed. With it all, an idea struck Hizer. He has invented processes by which the technique of surgical operations can be presented by motion pictures, with nothing showing but the actual instruments and the particulars of whatever portion of the human anatomy is being operated on.

"Encouraged by the surgeons and securing the support of a lawyer and a banker, and other financial interests and now he hopes to see the Surgical Cinema company, incorporated, under way soon.

"Hizer's own story follows: "On the Saturday before Christmas, three years ago," he said referring to Chicago, "I slipped at the foot of the stairway as I was starting home from work and fell down in the snow. A passerby helped me up, noticed my infirmity, told me he was a surgeon, said he could make me so I could walk, and asked me when I could start for New Orleans. I said right then. We went.

The First Operation
"One Christmas day I underwent my first operation at the French hospital. There were many more. I was there until April 6, 1919 and still couldn't walk. I had drawn sketches of operations for surgeons there and had myself seen the need of pictures which would reproduce the whole course of operations from beginning to end.

"Eventually, I found my way to it out here. I was broke. I actually flipped a coin to decide whether I should swallow cyanide or appeal to the board of health. The board won. I went to the San Francisco hospital.

"Now it happened there was a little girl in the hospital who had suffered a broken foot, which had not responded satisfactorily to the treatment originally given it. The surgeons wanted information about that foot which they couldn't get without going after it and that meant possible harm to their own cause.

"I said to the surgeons on my own case, 'My leg is coming off, isn't it?' He said, 'Yes,' I said, 'Then why not break my foot and set it so it will be like this little girl's and follow it through as you'd like to do with her's?' I want to see how you do it, anyway.' He agreed to it and it was done.

Operations Photographed
"I sat propped up and sketched while the doctors with my foot, applying local anesthetics, and I found out what I wanted to know. And those operations were photographed too.

"Seven days after my leg was cut off I was out of the hospital with my idea in working order."

SAILOR SHIPWRECKED
FOR TWENTY YEARS

Only Survivor of American Bark Which Went Down in 1901 Is Found on Pacific Island.

MANILA, P. I.—By The Associated Press.—Shipwrecked and marooned for twenty years on one of the Caroline Islands, is the experience of an American, James Howard, sole survivor of the American bark, which went on the shoals of Kusal Island in 1901. The news of Howard's condition was brought here this week by Dr. William H. Hobbs of the University of Michigan who has been engaged in seismic research work in the Caroline group.

Dr. Hobbs said Howard was cared for by the natives and finally became agent at Panope for a German trading concern, which place he held until the Japanese took over the islands, under the mandate from the League of Nations.

A year and a half ago, a stroke of paralysis made Howard almost helpless and unable to work. Since that time he has been taken care of by Chief Nampel of Rukiti, who has given him food, clothing and medicine.

"Chief Nampel has American blood in him, speaks English well and is a man of sterling integrity," said Dr. Hobbs. Howard's case was laid by Dr. Hobbs before acting governor, Charles E. Yeater of the Philippines who has suggested to the war department that the Japanese be asked to furnish transportation from Panope to Yokohama for Howard, so that he may take passage on an army transport and finally reach his home in Utica, Ohio.

PETROGRAD IS GROWING HEALTHIER

Riga, Latvia.—(By A. P.)—Petrograd whose death rate in 1919 reached the devastating percentage of 76 out of every 1,000 inhabitants, is growing healthier, according to an official Bolshevik radio dispatch.

The death rate for the first six months of 1921 was only 27 per 1,000, or about that of the pre-war normal.

In 1920, the rate was 50 per 1,000 says the dispatch.

HAMPSHIRE TOOK
INTERNATIONAL PRIZE

Frank Rexroat Won Blue Ribbon at International Livestock Exposition—Chairman's Letter Carries Praise

Frank L. Rexroat of Concord, has reason to be proud of the records made by his load of Hampshire hogs at the International livestock show in Chicago. These hogs were awarded the blue ribbon in a class of more than 22 entries.

After the hogs had been exhibited they were sold by the Bowles Livestock Commission company, at \$8.50 per 100, which was \$1.50 per hundred premium over the market on that day. Charles F. Yoepper, chairman of the International show committee, made the following statement about Mr. Rexroat's exhibit:

"Mr. Rexroat, of Concord, Ill., carried away honors in the International livestock show at Chicago by winning the 'blue ribbon' in Class No. 271, over 22 entries of all breeds. He had an exceptionally prime load of March Hampshire hogs, and it was his first attempt at finishing show hogs. This award was made on his twenty-first birthday.

"Mr. Rexroat's achievement is exceptional, as he 'showed' against the largest class and best quality that have ever been seen in the International. Such a splendid start certainly speaks a fine future for Mr. Rexroat in his livestock work."

MOVABLE STEEL
DAM IS BUILT

Is Being Installed in North Canal at Sault Ste. Marie, Michigan—Is Remarkable Feat of Engineering.

DETROIT, Mich.—(By The Associated Press.)—A movable steel dam, placing of which is described by government officials in the office of the United States Engineer here as a remarkable engineering feat, is nearing completion in the north canal at Sault Ste. Marie, Michigan. The most remarkable feature of the work, the engineers say, is the swinging of the entire framework of the dam, weighing approximately 80 tons, into place at one time. This was accomplished by means of a stiff leg derrick on either side of the canal.

The dam will have been installed by Dec. 1, the engineers say, work of placing the gates being under way at present.

The dam was desired to afford protection to two locks in the Soo Canal. When the dam is completed it will be possible to shut off the water thru the canal entirely. Placing of the structure is a precautionary measure entirely, it is pointed out. If at any time any of the gates in the locks become out of order it would be impossible to stop the flow of water, which might flow thru the canal at a high rate of speed, imperiling shipping and carrying away other locks. It is to prevent such an occurrence that the dam was authorized by the government.

The new dam is said by engineers to mark a new step in such construction, the entire framework and gates being built of steel.

The dam is to be operated much like a draw bridge, being divided in the middle. It will be possible to close either or both sides at a time, keeping the water from one or two locks, as desired. The dam will be tested each month.

ODD CUSTOM

LONDON.—One of the odd customs for which England is famous, was seen the other day when two bundles of faggots, a hatchet, a billhook, six horseshoes and "sixty and one" horseshoe nails were given an agent of King George as "rent in kind" for a small plot of land in the Strand where a forge originally stood and other piece of land in Shropshire. The Kings Remembrancer received the rent on behalf of the Crown.

In the year 1235, a tournament was being held in a field where the law courts now stand and during the tournament a knight's armor gave way. A smith repaired it so well that the king gave him the right to erect a forge on the field, stipulating that the annual rent should be six horseshoes and sixty and one nails.

The rent has been so paid every year down to the present one.

Saves 25%
on Feed For
Hogs

Takes the chill off the water the hogs drink. Enables them to put on the same flesh with one-fourth less feed. Cold water chills their stomachs, stops digestion, lowers body temperature. Hogs on cold water have to turn more corn into fuel to keep them warm, make slower growth and yield smaller profits. An Ideal waterer will save this extra feed and save you time and labor chopping ice. Most modern and efficient waterer for every day service ever made.

See This Waterer NOW!

It's made right. Supplies clean water with the chill off when the temperature is 40 below. Made of heavy galvanized steel in sizes to suit all needs. Special lamp heater furnished. Hogs and corn are real money this year. An Ideal Waterer will make you heavier hogs on less feed. Call and see them next time your in town.

JACKSONVILLE C. OF C. IS HEALTHY YOUNGSTER

Only Six Months Old But Takes Large Part in Community Affairs—Leads in Public Enterprises

The Jacksonville Chapter of Commerce, although but six months of age on the first day of December, has in that short period of time, taken its rightful place in the affairs of this city and Morgan county. While it is perhaps the youngest organization in the city, the very nature of its organization makes it the largest in point of membership and a powerful factor for community good.

If a public celebration is needed, such for instance as Armistice day, Labor day, Halloween, etc., the Chamber of Commerce is expected and does take the leadership in staging such celebrations. If persons are in need of employment they are referred to the free employment bureau of the organization, where their case will be given prompt attention and a position found if possible. If an automobile tourist

needs information, or a stranger desires living apartments they are also referred to the Chamber of Commerce. Again if auto trails are to be painted or any travelled roads are closed to traffic the necessary attention is given to the matter.

In fact any community project is at once referred to the organization for action as in the case of the united budget campaign, where in the raising of the funds necessary to carry on the work of the Red Cross, Social Service league, Salvation army, anti-tuberculosis association and near relief was co-ordinated and carried on through the organization.

The extent of the work is better understood when one realizes that since the ninth day of July there has been held 131 Chamber of Commerce committee meetings, 23 directors' meetings, 4 group meetings and 5 forum meetings. There are 12 separate and distinct committees working now with their particular work well in hand. A brief review of what has been done or what is being worked out, follows:

Some Activities

Organized the Ocean to Ocean highway association.

Staged big auto tour to Waverly, Ill., 69 cars making the trip.

Held a three day round-up.

Held a Mardi-Gras festival.

Co-operated with trades assembly in staging a successful labor day celebration.

MANCHESTER LODGE ELECTED OFFICERS

Eastern Star Names New Officers at Recent Meeting—Funeral of Arthur Dean Held Friday—Other Manchester News

Manchester, Dec. 3.—The regular meeting of election of officers of the Eastern Star was held Friday evening. The meeting was well attended and was a very interesting event. The new officers are:

Worthy Matron—Ethel Rousey

Worthy Patron—C. D. Chapman.

Associate matron—Grace Dean

Secretary—Florence Lettice.

Treasurer—Priscilla Stephens.

Conductress—Frances Curtis.

Associate conductress—Meda Andras.

Mrs. Edward Alfred, who has been a patient at Our Savior's hospital in Jacksonville for the past week, was able to return to her home Wednesday.

Dr. Lucas is now the owner of a new Ford coupe.

Mr. and Mrs. Guy Brown of Jacksonville were visitors here Thursday.

Mrs. F. C. Lakin and Mrs. Josephine Rochester visited at the home of Mr. and Mrs. A. B. Rochester in Roodhouse Friday.

Mrs. William Pearce was a Jacksonville shopper Saturday.

Mrs. Carrie Deatherage and little grandson, of Waverly, are visiting at the home of Mrs. F. A. Wilson.

Mr. and Mrs. John Goodell and son, Albert of White Hall, spent Friday with Mrs. George Blackburn.

Miss Mary Greenwalt went to Arcadia Saturday to spend Sunday with Miss Nellie Smith, who is teaching here.

The funeral of Arthur Dean, who died in Marysville, was held at the Baptist church Friday afternoon, in charge of Rev. J. O. Aaines of White Hall, assisted by Rev. N. M. Antrobus of Manchester.

There were many beautiful flowers and these were in charge of three grand daughters of the deceased, Mrs. Guy Smith, Misses Amelia Hamilton and Lois Dean.

Music for the occasion was furnished by a quartet including Mrs. J. H. Langton, Mrs. George Cooper, E. L. Maine and M. W. Story, with Miss Ethel Rousey at the piano.

The minister took for his text the passage from the scripture, "If a man die shall he live again?" This was the text chosen by the deceased, who made all the arrangements for his funeral prior to his death.

Mr. Dean was one of the well known residents of the Manchester community, having for years resided on a farm north of the city. He had many friends in and near Manchester, all of whom deeply regretted to learn of his passing.

GREAT MUSICIANS COMING TO GRAND

The Great Lakes String Quartet, exceptional chamber music organization, will be heard at the Grand Theatre, Thursday evening, Dec. 5.

Chamber music, originally written for the few and until recent years occupying a supposedly inaccessible in musical appreciation, is now fast becoming one of the essential features on programs outlined by all progressive musical communities.

The Great Lakes String Quartet has earned a splendid name for itself because of its achievements in chamber music.

Authoritative critics have united in praising the work of this organization.

Among the newspapers which have commented enthusiastically on the Great Lakes String Quartet are the Chicago Tribune, the Chicago Post and the Cincinnati Enquirer.

The following cutting from the "Cincinnati Enquirer" will give some idea of the qualities of this excellent organization.

"The performance they gave last night, especially of so elusive and delicate a work as the Debussy quartet, bespeaks earnest preparation, sincere study and attentive rehearsing. The tonal balance is excellent, the color agreeably varied and the technical efficiency of the highest order. In a quartet of the demands placed by Debussy, the mettle of an ensemble organization can best be ascertained, and to the credit of the visitors be it said, that their accomplishment was a notable one. There was a sensitiveness in the playing which was of the highest artistic sense."

W. E. McCURLEY TO HAVE PUBLIC SALE

William E. McCurley has announced a public sale to be held Wednesday, Dec. 21, at his farm near Woodson. Mr. McCurley has had a number of sales in past years but this time he will close out all of his livestock and equipment as he intends to remove to Jacksonville and become the manager of one of the service stations of the Get Gas company.

ELKS WILL DANCE TUESDAY EVENING

Members of Jacksonville lodge, will give a dance at the Elks' home, Tuesday evening. The dance is for members only and their ladies. Visiting Elks will be welcomed. Dancing will commence at 8:30 o'clock. All members are urged to attend these dances as they are one of the most enjoyable features of the local lodge's activities.

William McKamey traveled up to the city from Woodson yesterday.

Mrs. W. M. Sappington of Winchester was among the visitors to the city yesterday.

GREAT SINGER AT GRAND MONDAY NIGHT

GIVES SYNOPSIS OF REVENUE CHANGES

G. W. Schwane, Internal Collector of Illinois, Sends Out List of Changes for Information of Public.

On November 23, President Harding signed the bill previously passed by Congress and known as the Revenue Act of 1921. Under the law, certain classes of taxation will be discontinued on and after January 1, 1922, while other provisions of the Act become effective upon its approval by the President or are retroactive to January 1, 1921. The following synopsis is intended to inform the public in a general way as to the changes effected in passing from the Revenue Act of 1918 to the Revenue Act of 1921.

Income Tax, Individual.
The rates of normal tax and surtax on incomes of individuals for the year 1921 are the same as under the old law. Beginning with the year 1922, surtax rates are reduced and are in the form of a graduated scale, while the normal tax rates continue without change.

Under the new law, all unmarried persons having a net income of \$1,000 or more, and all married persons living with husband or wife having a net income of \$2,000 or more are required to file a return; there is also added the provision that all persons having a gross income of \$5,000 or more (regardless of the amount of net income) are required to file a return.

The principal relief under this phase of the law is noted in the personal exemption paragraph. This provides for no change as to an unmarried person who is not the head of a family, but a married person living with husband or wife or an unmarried person who is the head of a family, as defined in the law, is allowed \$2,500 exemption, provided that, in the case of husband and wife, where the combined net income exceeds \$5,000, the total exemption shall be \$2,000. Persons having dependents under eighteen years of age or over eighteen, if incapacitated for self-support, are allowed an additional exemption of \$400 for each person instead of \$200 as under the old law.

Under the new law rental value of houses furnished ministers of the gospel is not to be included as income; also, the total expense of a person traveling in pursuit of a trade or business is an allowable deduction from gross income.

Income Tax, Corporation.
For the year 1921, there is no change as to income and excess profits tax on corporations. Beginning with January 1, 1922, the corporation normal tax rate is 12 1/2 per cent and the excess profits tax is discontinued. The specific exemption of \$2,000 allowed corporations is limited to those having a net income not in excess of \$25,000.

While the law governing partnerships and personal service corporations operates the same for 1921 as in prior years, after January 1, 1922, personal service corporations will be taxed as any other corporations.

Estate Tax.
Title IV of the new Act relating to tax on estates of deceased persons became effective immediately after the signing of the bill by the President. The rates of tax applicable to estates are unchanged, but there are several minor changes in the administration of the law concerning which executors and administrators may become informed as the need may require.

Transportation Tax.
The tax on passenger, express and freight transportation, on auto and berths, and on transportation of oil by pipe line will be discontinued at midnight December 31, 1921. The tax on telegraph and telephone messages remains as in the old law.

Beverage Tax.
Probably one of the most welcome changes occurs in the repeal of the beverage tax, effective January 1, 1922. No tax will thereafter be collected from the

public on the sale of ice cream and soft drinks. However, a tax of 2c per gallon is imposed on the manufacturer, producer, or importer of mineral waters which sell for more than 12 1/2c per gallon and on all cereal beverages, still drinks and unfermented grape juice. A tax of 3c per gallon is imposed on the manufacturer on all finished or fountain syrups used in soft drinks except syrups used in carbonated beverages sold in closed containers when the tax is 5c per gallon. A tax of 4c per pound is levied on manufacturers of carbonic acid gas. A very important feature is that which requires taxpayers under this section to secure from the Collector and post in his place of business a certificate of registry.

Excise Tax.
There is no change as to the manufacturer's tax on automobiles, parts, accessories, tires, cameras, films, firearms, etc. The rate of tax on manufacturers of candy is reduced from 5 per cent to 3 per cent. A tax of 5 per cent is levied on the manufacturer, producer or importer on carpets, rugs, trunks, valises, traveling bags, purses, lighting fixtures and fans, the value of which is in excess of certain stated amounts. The dealer's excise tax on shoes, millinery, wearing apparel, etc., (commonly known as luxury tax) will be discontinued at the close of business December 31, 1921. The jewelry tax of 5 per cent is unchanged except that no tax will be levied on the sale of eye glasses and spectacles.

Admission Tax.
The rate of tax on admissions is the same except that a charge of 10c or less for admission to any place is not taxable. The American Legion and several other classes of organizations are given exemption as to the collection of this tax. The tax on dues is unchanged.

Cigars and Tobacco.
The provisions of the law relating to manufacturers of cigars and tobacco and the tax to be collected on cigars and tobaccos are identical with those of the Act of 1918.

Occupational Taxes.
There is no change in the rates of tax imposed on brokers, proprietors of theaters, circuses, public exhibitions, bowling alleys, billiard rooms, shooting galleries, riding academies or persons carrying on a business of operating or renting passenger automobiles for hire. Only pleasure boats of over five net tons and over thirty-two feet in length are subject to tax under the new law.

Stamp Taxes.
All taxes evidenced by the use of documentary stamps continue as provided in the former Revenue Act except in two instances.

On and after January 1, 1922, no tax attaches to a bond of surety or indemnity nor on parcel post packages.

With reference to proprietary stamps, the tax on medicinal preparations, toilet articles and perfumes will be discontinued after midnight December 31, 1921.

Taxpayers are now familiar with the revenue law which has been in effect the past three years. In order that there may be no confusion or serious errors made in filing returns and paying tax under the new law, every person concerned should preserve the information given above for future reference.

William Zahn was an arrival in the city yesterday from Concord.

CLUBS AND SOCIETY

Annual Gridiron Hop
Given Saturday Night
The annual gridiron hop of Illinois college was held in the college gymnasium Saturday evening with about fifty couples present. Coach Harmon and Miss McQuisette were special guests. Music was furnished by the Darley-Brown orchestra and the 1921 gridiron hop was voted one of the most successful in the history of the school.

Mr. and Mrs. Suhly Hostesses to Bridge Party at Peacock Inn.

A bridge party was given Friday night by Mr. and Mrs. William T. Suhly, of West Morgan street, at Peacock Inn Friday night. Ten guests were present, making four tables of bridge. The prizes were won by Mrs. Charles Hutchins and Ernest Stott. A duty supper was served during the evening.

Gave Bridge Party
Saturday Afternoon
Mrs. Hugh Green and Miss (Charles) Hooper were joint hostesses of a charming bridge party Saturday afternoon at the home of Mrs. Green, 711 West North Street. A limited number of guests were invited. A duty luncheon followed the hours of bridge.

L. W. C. Freshmen
Entertained Party
The Freshmen society of Illinois Woman's college, the Alpha Pi Delta, had a social evening Saturday in the gymnasium of the college. Dancing and stunts filled the delightful evening. The presidents of the other societies: Miss Lenore Kreige, Miss Verna Mershon, Miss Jennie Lacy and Miss Leona Switzer were special guests, as well as Miss Anderson, the Freshmen advisor and Miss Powell and Miss Davis of the faculty.

Miss Fredica Balch was social committee chairman for the event last night. She was assisted by a committee and by the Alpha Pi Delta president, Miss Martha Logan.

Gave Party for Grandson.
Mrs. Adam Ehrigott gave a party at her home, 632 South Washington street Saturday afternoon in honor of her grandson, Paul

Adam Ehrigott, the occasion being his tenth birthday. Sixteen of his friends were present during the hours from 2 to 5 o'clock and the time was pleasantly spent in playing games and other amusements. Harold Wood won first prize and Lee Terhune second in the contests. Following the games refreshments were served, Mrs. Ehrigott being assisted by Anna Evans and Dorothy Terhune. The guest of honor was the recipient of a number of nice presents.

M. M. Coterie
Mrs. L. L. Burton of 823 W. Lafayette was hostess to the M. M. coterie, a newly organized needlework club Thursday. Mrs. Nichols of South Main was a guest. Delicious refreshments were served and all spent a very pleasant afternoon. Mrs. J. Gibbons of 306 E. College Ave., will entertain the club at the next meeting.

Gave Successful Bazaar
The Deaf Ladies' Aid society held a record-breaking bazaar and supper at the residence of Mrs. Fred J. Gibson, in Park Place, Thursday afternoon an evening, Dec. 1, in spite of rain and mud. The committee will clear about \$225 which is the result of hard work on the part of a few earnest workers among the deaf and their friends. The bazaar committee is composed of Mrs. E. A. Spruit,

chairman; Mrs. John Huff, Mrs. Fred W. Shoneman and Mrs. Theo Zimmer, Mrs. Fred Mather and Mrs. Moihon had charge of the supper.

Mrs. T. P. Carter Hostess To Illinois College Girls.

Mrs. T. P. Carter of Lincoln avenue entertained the active and honorary members of Alpha Eta Pi, the Illinois College Freshmen girls' organization, Saturday afternoon. She was assisted by Miss Amy DeMotte and Miss Adele McQuisette, the society advisor. Mrs. C. H. Ramemikamp had been asked to pour.

The house had been decorated with chrysanthemums and roses, and a delicious afternoon tea was served.

Mrs. Carter is the mother of Miss Alice Carter, secretary of the society. All mothers of resident members are made honorary members.

This society which was recently organized, now has a room to re-turish at Academy hall, the old art room. They meet every Friday and have a program of literary numbers. Their officers are: President—Miss Carol Lander, Vice president—Miss Marguerite Hyer. Secretary—Miss Alice Carter. Treasurer—Miss Alice Alexander.

Bluffs, Dec. 3.—At a special meeting at the M. P. church Wednesday afternoon the following officers of the Bluffs Missionary society were elected to serve one year. President, Mrs. E. J. Rees; first and second vice president, Mrs. Margaret Tewksbury and Mrs. C. A. Murah, respectively; recording secretary, Mrs. H. Corbridge; corresponding secretary, Mrs. Anna Arundel.

J. W. Westermeyer sold his meat market and supplies to Harry Gensendorfer, who opened his new shop on Main street to the public Saturday, thus leaving the town with one meat market.

J. E. Likers opened his new store on Main street to the public Tuesday.

Mrs. J. Winston of Clayton is the guest of her son, Fred McMurray and family.

Mrs. Emma Coffman, who has been the guest of Mrs. Fred McMurray has returned to her home in Hannibal, Mo.

A. E. Lawrence and family are preparing to move into house recently vacated by N. L. Elliott and

family, owned by Mrs. Carrie Sisson. Mr. and Mrs. John O'Brien and son, Jack, were visitors in Jacksonville Saturday.

Mrs. Thomas Reid was a business visitor in Springfield Thursday.

Jesse Arnold of St. Louis, stopped off to visit his mother, Mrs. Nannie Arnold en route to Hot Springs, Ark.

TROOP FIVE HAD FINE MEETING

Troop 5, Boy Scouts, held a very interesting meeting Friday night at Centenary church. The attendance was good and the evening was devoted to tests. Several scouts passed partial tests for advanced rank and for merit badges, and Scout Merle Martin qualified for two merit badges, for craftsmanship in wood and pathfinding.

This troop is flourishing and bids fair to develop into one of the best. The next meeting will be Friday, Dec. 9, at which time the business connected with registering the troop for 1922 will be transacted. All members should be present. Following the business meeting there will be an in-door camp-fire, with some stunts and stories.

Miss Belle Mehus played a short program of modern piano music at the David Prince school Thursday morning.

UNIVERSITY WOMEN TO BE ORGANIZED

Chapter of the American Association of University Women Will be Formed—Action Follows Address by Mrs. Henry Rainey.

A chapter of the American association of University Women, will be formed in Jacksonville, from the members of the old College club and several other college women. After the talk by Mrs. Henry T. Rainey, of Carrollton, Ill., who is a member of a Washington D. C. chapter of this association, Saturday afternoon, it was decided to form a chapter here.

A nominating committee and organization committee will be appointed by Mrs. A. B. Applebee, the last president of the College club. Mrs. G. H. Scott, Miss Mary Anderson of the Woman's College faculty and Miss Florence Madden of the High school faculty, were appointed as a membership committee Saturday afternoon. The organization committee will call the next meeting of the women.

Mrs. Rainey talked on the advantages of membership in this national organization, to the individual and to the community. She spoke of the mental inspiration gained from meeting of university women and of how much they can help each other to keep up on everything that the best educated woman should know. The value to the community lies in the opportunities this chapter will have to bring fine speakers to this city and to assist in lifting the educational tone of the community. Mrs. Rainey said. Unity of purpose always accomplished more than single efforts, she told them.

About forty women heard Mrs. Rainey at the Pilgrim Memorial Saturday afternoon and expressed their desire to join. Mrs. Applebee presided and Mrs. L. S. Doane acted as secretary for this meeting.

MISS OATMAN VISITING HERE

Miss Isabel Oatman of St. Louis is visiting at the home of her aunt, Mrs. F. E. Farrell, of West College avenue. She was one of the out of town guests at the Gridiron Hop, Saturday night.

MATHIS, KAMM & SHIBE SAY:

The young man in college will appreciate a pair of winter overalls for Christmas. They are stylish and are built for hard service; call and see them.

MY DREAM

When the evening shadows creep
'Round about me in my sleep,
I dream of sights I love so well,
Where sin and darkness cannot dwell.

Untouched, unharmed this scenery
As that so artificially;
Just Nature's own, and at her best
Are sights I see, wherein I rest.

And there I see so pure and white
An angel. And in flight
The evil spirits hiding near
Flee in darkness, as with fear.

This guardian angel came to me
And told me of a life, so free
From cares and worries I once knew,
But vanished with this life so true.

Oh, may I ne'er from this awake,
Nor hours of daylight overtake
This kindly night that here doth gleam
With joy and gladness in my dream.

CAMP FIRE GIRLS MET SATURDAY NIGHT

Four Organizations Held Meeting in Pilgrim Memorial—Yojisovi Girls Were Hostesses.

A meeting of the four campfire groups which have their rooms in the Pilgrim Memorial, the Oklita, Oecoca, Aokya and Yojisovi, were hostesses last night and gave the entertainment and ceremonial demonstration of campfire work.

Miss Carol Lander, Miss Lavinia Scott, Miss Josephine Milligan and Mary Edith Baumgartner gave a twenty-minute playlet, "Joint Owners," after the motion picture demonstration. General social time and refreshments followed the program.

About fifty-five were present. Mrs. George Stickney, Miss Katherine Forward, Miss Jacobina Riecke and Mrs. Heini are campfire guardians for these four organizations.

POSTOFFICE MEN HAVE ORGANIZED

Perfect Welfare Council Following Suggestion by Postmaster General Hays—John Kearns Chairman of Council.

In response to the recent suggestion of Postmaster General Hays, the employees of the local postoffice have organized a welfare council. This council consists of seven members, two of whom are chosen by the clerks, two by the city carriers, two by the rural carriers and one from the supervisory officials. The members of the council, James Magner, John Kearns, A. W. Baldwin, Frank Keonig, Edgar Busev, Thad L. Wiseman and Frank Bourn.

The object of this council shall be the betterment of the postal service generally, the improvement of the working conditions and the bringing about of closer co-operation and better understanding among the public officials and the employees of the postal service.

The officers elected are: Chairman—John Kearns. Vice chairman—James Magner. Secretary—Frank Bourn. Treasurer—Edgar Busev. The council will meet the first Tuesday of each month or at the call of the chairman.

REAL ESTATE MEN MUST BE REGISTERED

All real estate salesmen and brokers of the state will be required to be registered under a new law effective Jan. 1, 1922. This regulation will be handled by the Department of Registration and Education. The county clerk has received the blanks to be used for this purpose. There is also a registration fee for both real estate brokers and salesmen, between which a distinction is made.

The new law states: "The original registration fee for each real estate broker's certificate of registration shall be ten dollars and the annual renewal fee shall be five dollars. The original registration fee for each real estate salesman's certificate shall be two dollars and the annual renewal fee shall be one dollar. Provided, that where one member or officer of an association, copartnership, or corporation shall have paid an original registration fee of \$10.00 or a renewal fee of \$5.00, the fees payable by each other officer or officer of such association, copartnership, or corporation, to whom a certificate of registration as a real estate broker is issued, shall be \$2.00 for the first registration fee and \$1.00 for the renewal fee."

FORMER RESIDENT DIES IN KANSAS

Mrs. W. O. Eades Lived Here as Young Woman — Father Was Long Prominent in Methodist Ministry

A copy of the Yates Center, Kan., News, of recent date, received by Mrs. E. M. Wakely, tells of the death of Mrs. W. O. Eades, well known to many residents of Morgan and Scott counties. Mrs. Eades' maiden name was Asthena Elliott and she was born in Winchester, later coming to Jacksonville as a student in Illinois Female college. Her father was a prominent Methodist minister and for a brief period was president of the Yates college here. The facts about the death and funeral of Mrs. Eades are quoted as follows:

"The whole town was shocked last Saturday morning when it was reported that Mrs. W. O. Eades had died the night before, after a short illness of pneumonia. Mrs. Eades was a quiet, home-loving woman, a devoted Christian and a teacher in the Methodist Sunday school, and her little scholars were on her mind to the very last.

"Funeral services in her memory were held at the Methodist church this, Wednesday, afternoon, conducted by her pastor, Rev. C. V. Shulenberger.

"Asthena Elliott Eades, the wife of W. O. Eades, of this city, died at her home on South Prairie street at 9 o'clock Friday night, Nov. 18, 1921, after a brief illness of about one week.

"Asthena Elliott was born in Winchester, Morgan county, Ill., Nov. 21 1854. When quite a small child she, with her parents, moved to Jacksonville, Ill. Here she grew to womanhood, graduating from the Jacksonville high school, and from the Illinois Woman's college, of Jacksonville, Ill., our own church school for young women. She was especially trained in music, art and literature. She has left a number of valuable paintings and verse compositions which will be a high tribute to her memory.

"She was united in marriage to W. O. Eades in Jacksonville, Ill., Oct. 22, 1874. Mr. and Mrs. Eades came to Kansas and settled in Woodson county, one mile west of Yates center, in the spring of 1881. Here they resided until the summer of 1902, when they moved to their new home on South Prairie street in Yates Center where they have lived ever since.

"In early infancy she was sur-

Stop--Look--Listen

Its a funny thing so many people compare values on a basis of first cost.

Nearly every day we read in the paper that some "nut" has a perpetual motion machine. Or some company is giving away good oil stock.

STOP and think. The laws of nature and science tell us you can't get something for nothing.

LOOK at the mistakes others have made trying to find a pot of gold at the foot of the rainbow.

LISTEN to your inner conscience. It will tell you, QUALITY COUNTS in the long run. Many of the colossal blunders you blame to other people, were really your own in the first place.

ILLINOIS COLLEGE NOTES

The College Y. W. C. A. held departmental meetings at the homes of the advisory members last Monday. The women of the faculty and the wives of the professors are the advisory members of the Y. W.

At a recent meeting of the faculty an important change was made in the requirements for graduation. Heretofore the language requirements were different for the A. B. degree and the B. S. degree—a minimum total of five years being required for the former and a minimum total of three years for the latter. The new requirements call for a total of four years or each candidate for a degree, and only the A. B. degree will be given as a first degree. The four years may be taken in one or in two languages and, in any case, at least one year must be taken in colleges and that in the freshman year. Certain other minor changes were made, including an increase in the Bible requirement. The changes will be indicated fully in the new catalog that will be published in March. Students now in college may graduate under either the old or the new requirements.

A clipping recently received from a Boston paper indicates that the Reverend Martin Luth Mackay, 20 is meeting with great success in his pastorate of the Zion Congregational Church at Haverhill, Mass. Mr. Mackay is at present enrolled in the School of Theology and the Graduate School of Boston University.

The French club held an invitation meeting for the Sophomore French class at Academy hall Wednesday afternoon. After a special program a delightful social hour was enjoyed by the girls.

Professor Bussey, head of the modern languages department, has been elected class officer for the Freshman class.

At the chapel exercises Wednesday morning Mr. I. P. Lines, representing the State Y. M. C. A., spoke to the students on behalf of the Student Friendship Fund to help the students of Europe and the Far East. After the talk a substantial collection was taken for the fund.

Professor William A. Lippincott, '03, now at the head of the Department of Poultry Husbandry at the Kansas Agricultural College, recently published in the American Naturalist an article on "Further Data on the Inheritance of Blue in Poultry."

Word was recently received from Wayne Gard, who is now beginning his work in Rangoon, Burma, indicates that he has been appointed as the Associated Press correspondent for Rangoon. In a letter to President Rammelkamp, Mr. Gard refers to his meeting with the Reverend H. H. Tilbe of Eallaw, Burma, who was a student in Whipple Academy at the time when Bryan was a junior in Illinois college. Gard has also met another person in Burma, who played on the Shurtleff football team against Illinois when Coach Harmon was a member of the Illinois team.

President Rammelkamp returned from Urbana Friday night where he had gone to take part in the installation of Dr. David Kinley as president of the state university. Dr. Rammelkamp spoke as the representative of the colleges and universities of the state. While at the univer-

sity, he had the pleasure of meeting several Illinois college students who are now doing post-graduate work there—among them Helen Taylor '20 and Grace Marshall '21. He also had the pleasure of meeting several of his old Cornell friends who are on the university faculty.

William Mather Lewis, head of the Education Division of the United States Chamber of Commerce, who was speaking during the past week to the Chambers of Commerce in Joliet, Bloomington and Springfield was formerly principal of Whipple Academy and instructor in English.

Dean Thomas Arkle Clark, of the University of Illinois, will speak to the students of the Illinois college at the chapel exercises next Friday morning at 9:45. Dean Clark is probably one of the most successful college administrators in the country, especially in the matter of student discipline. He is much beloved by undergraduates and alumni of the State University.

Two Cars In One

Paige designers have responded to the popular demand for an enclosed car that combines the snugness and intimacy of the Coupe with the carrying capacity of the Sedan.

The new five-passenger 6-66 Coupe was built expressly to meet this need. That this clever creation completely realized a wide-spread desire is proved by its sweeping success. Almost over night the Paige five-passenger Coupe became the most popular enclosed model that has ever left a shop where cars of the enclosed type have been a specialty for more than a decade.

Before you make your final selection, test this car's riding qualities—you will find it unique in the arrangement of space and also one of the handsomest and most distinctive cars that ever rolled up your avenue.

There will be no worries as to performance. The motor is a Paige 6-66 which is a guarantee of super-power as well as of extreme flexibility. In this car you will be master of both highway and traffic.

List prices of Paige Cars range from \$1635 to \$4030

THE MOST BEAUTIFUL CAR IN AMERICA

Mr. A. E. Gilpin of Centralia was a guest at the college Friday visiting his daughter, Maurine, who is a Freshman.

A delightful informal party was given Saturday by the new Freshman society, the Alpha Phi Delta, in their new hall in the College of Music building.

A recital was given by the students in the Expression department Friday afternoon in Music Hall. A most interesting program was given; the work of several of the students being especially noteworthy.

President Barker attended the meeting of a special committee of the college presidents of Illinois, together with the deans of the University of Illinois, at the University Saturday morning. The meeting was called by the university heads to suggest ways to divert some of the incoming buses away from the university and prevent the congestion which now is taking place.

A delightful feature of the week was the appearance of the Devereux Players in the main auditorium last Monday, the 28th. A most artistic performance was given in both the matinee and evening plays. An especially interesting feature of the company is the high character of the individual members. The Devereux Players will find a warm welcome should they ever make Jacksonville again. Mr. Devereux and his leading lady, Miss Graf, met a number of friends informally in one of the society rooms Monday afternoon after the first performance.

The increasing work in the Physical Education department has made necessary the employing of a full time assistant. Miss Peggy Boyd of St. Louis has been engaged to take up this work and will begin her duties the first week in January.

Encouraging reports are received daily from Mrs. Mark Hunt, formerly Ruth Barker. She is getting along nicely and it is hoped that she will soon be beyond danger.

MISS FRANCES NEWMAN
Chicago, Ill.

"Only a medicine of truly wonderful merit could have done what Tanlac did for me and there is nothing half good enough for me to say about it," said Miss Frances Newman, 2639 Hirsch St., Chicago.

"I don't think anybody ever suffered any more from indigestion than I did and for over a year I was in wretched health. I had smothering spells and my heart palpitated so violently I thought I had heart trouble, but I know now it was all caused from my stomach.

"Since taking Tanlac I feel and look like a different person. I have a splendid appetite and my digestion is just perfect. I sleep eight or nine hours every night and get up in the morning feeling fresh and happy. My friends tell me I'm always smiling now and I certainly ought to be, for I'm enjoying life again."

Tanlac is sold in Jacksonville by J. F. Shreve, druggist and leading druggists in every town.—Adv.

LADIES AID SOCIETY OF LITERBERRY MET

Baptist Church Society Met at Home of Mrs. J. E. Underbrink Thursday—Other News Notes From Literberry.

Literberry, Dec. 3.—The Ladies Aid of the Baptist church met with Mrs. J. E. Underbrink on Thursday. Sixteen members were present.

Mrs. Durrell Crum presided at the piano while members and guests all sang, "What A Friend We Have In Jesus." After prayer, Mrs. Guy read some verses from the third chapter of Luke and closed her reading with a Christmas poem. Roll call was answered by each member making a Christmas wish.

Business was taken up and consisted mostly of reports.

Mrs. Rexroat gave a full report of the finances of the past year, proving herself a careful treasurer. She received praise for her good work. Report of the nominating committee was voted on and resulted in the election of the old board of officers for the coming year, they are:

President—Mrs. John Guy.
Vice President—Mrs. J. E. Underwood.
Secretary—Mrs. W. W. Daniels.

Treasurer—Mrs. Earl Rexroat.
Motto for the year "Cooperation."

A motion was made to continue for another year the support of the French orphan.

It was moved and carried that the Aid Society buy the Christmas treat for the Sunday school.

Mrs. Oscar Petefish gave a report of the sales and the proceeds of each for the year.

Mrs. S. H. Crum gave a report of the sick. The little daughter of Mr. and Mrs. Zach Lafr is sick with pneumonia.

Mrs. Abe Dinwiddie of Locust Grove farm is sick with a cold.

Mr. Dinwiddie, who has been lame some time from a diseased knee, had the misfortune to fall down some steps and the result is, a broken collar bone. These good people have the sympathy of the Literberry friends. This closed the reports.

Mrs. Guy then read an extract from the book of Dr. Grenfell of Labrador fame; this was summed up in a few words, "Human love, brotherly kindness and helpfulness to people of all nations, that is, to all we meet in life; not much else counts. Glory, honor, and fame are nothing compared to a life lived for others, a life that gives and never looks for anything in return."

We were then introduced to a well dressed lady who came out of Mrs. Underbrink's bed room. She was a pleasant looking lady and wore a lot of clothing, piece upon piece until she looked like she carried a drygoods store. Mrs. Underbrink introduced her as a new friend, and told us these garments were for the children of the Huddleson home, and were to be sold and the money sent as a Christmas present to the orphanage at Irvington. There were Christmas aprons of all kinds, sizes and colors, cuffs, caps and many other useful articles. Mrs. Underbrink furnished the material and made all these garments, and they were sold at auction to the highest bidder, she being the auctioneer. The bidding was lively and the goods were soon sold, while the new lady friend was taken back to the bed room, to serve in some good work again sometime. The sale amounted to \$9.55.

A good offering was taken and the meeting closed.

Refreshments were served by the hostess during the social hour, and consisted of tutti-frutti ice cream, delicious white cake and java coffee with cream and sugar in abundance.

Mrs. Underbrink was assisted by her daughter, Mildred, and Mrs. Durrell Crum.

Visitors present were: Mrs. Walter Long, Mrs. Lucy Batterton, Mrs. Mary Beavers, Mrs. Orville Crum of "Rose of Sharon Cottage," Mrs. Charles Samples and Mrs. Arthur Litter and daughter Dorothea May, of Oakdale farm.

It has not been decided who will take the January meeting.

Miss Plummer of Virginia was selling electric brushes to our people on Tuesday.

The Martin family of Ebenezer neighborhood visited at Harmony cottage with Mrs. Nettie Scribner, Tuesday.

H. D. Crum spent the first of the week in St. Louis visiting friends.

Miss Edith Scribner of the Samuel Dinwiddie home was in Literberry Friday.

MATHIS, KAMM & SHIBE SAY:
"Allow us to suggest for your Christmas shopping list, spats, shoe trees, polishing sets and shoe dressings, comfy slippers, ballet slippers, party slippers, boudoir slippers, heel cushions, suede brushes, basketball and gym shoes, men's patent leather full dress shoes or oxfords." Call and see them.

THE PRODUCE MARKET

The lighter supply of poultry following the Thanksgiving holiday resulted in temporary higher prices. Indications are that there will be a heavy movement from now until the New Year, with some reaction in selling prices.

The butter market is showing more strength, due to a slight falling in receipts of cream and a very wide demand from consuming trade. The quantity is not entirely satisfactory and more frequent marketing—at least twice a week during the winter months—would enable manufacturers to improve the quality of butter.

The supply of fresh eggs is increasing, due to the open weather and as a result lower prices are expected.

SCHOOL BOARD TO HOLD HEARINGS

Will Meet Architect in Effort to Erect Building at About Half the Cost of the Proposed Community High School Which Was Defeated Some Time Ago

White Hall, Dec. 2.—The board of education, of the school district embracing the city has decided to hold a public hearing on the proposed high school proposition at the convenience of the architect, and it will likely be held next Monday evening in the city hall. It is proposed to purchase a site and erect a building at about half of the cost of the proposed community high school, for which bonds to the amount of \$150,000 had been voted and then voted out. Several sites are in consideration, one being in the rear of the First Baptist church, with entrance from both Franklin and Bridgeport streets, and another on East Bridgeport street near the site of the present group of buildings, all of which will be largely settled at this public hearing in order that a full understanding may be arrived at that will expedite the legal requirements leading up to a realization of a new high school that is so urgently needed.

NO ARRANGEMENTS MADE FOR FUNERAL

White Hall, Dec. 2.—No arrangements have yet been made for the funeral of Philip S. Campbell, who was killed shortly before noon Wednesday while engaged in car repair work on the "rip" track in the C. & A. yards in Roodhouse, where he had been employed for the past three years or more. The mother and brother, Rex Campbell, will arrive from Indianapolis today, and then it will be determined whether to hold the burial at White Hall or take the remains back to the old home in Indiana. The deceased had resided in White Hall about twelve years and was popular and well known. He was a member of the K. of P. and the M. W. A. orders, and a general favorite socially. His age was 42 years, last August. He is survived by a widow, a native of Rockbridge, Greene county. For several seasons he followed the race and show circuits with horses, the former in company with his brother, Rex, widely known as a trainer of race horses and formerly of White Hall, and also with the Gregory farm string of Percheron horses on the big state fair circuits throughout the country. In the meantime he was engaged in car repair work at Roodhouse for the past few years. It was while at this work that a car pitched forward and pinioned him to another car as he was working between the two cars, and death was instantaneous, a rib having pierced the heart in the crushing of his body. An inquest was held in Roodhouse Wednesday afternoon and the remains brought to his home in White Hall that evening.

COMMUNITY FORUM

THE GIFT OF A GULBRANSEN Player-Piano

Is something to look forward to--and back to! Make this a memorable Christmas, by ordering a Gulbransen now.

How many homes there are where the Gulbransen actually arouses a new interest in life! Is yours one of them?

Evenings have grown rather dull; all the family feel the lack of entertainment, of attraction. Brother Bill and Sister Ann seem anxious to hurry to the "movie" down the street directly after dinner, or, that being impossible, over to a neighbor's, where there is music.

That Christmas Gulbransen is at our store—in just the style and finish you prefer.

The Gulbransen, you know, is that "Easy to Play," Nationally-Famous, Nationally-Prized Player-Piano.

It is made in three styles, sold at the same prices to every one, everywhere in the United States.

Church Services Today

State Street Presbyterian Church—Rev. W. H. Marbach, pastor; Mr. M. Tomlinson, Sunday School superintendent; Mrs. Barr Brown, choir leader; Mrs. Helen Ayers Ball, organist. By staying away from church one teaches others to do the same. Action speak louder than words, and influence against Christ and the church is the result of absence membership. Plan to attend either morning or evening worship. Morning sermon subject: "The Inheritance and the Golden Age." The evening sermon centers about Jesus' teachings in "The Sermon on the Mount." This Sunday evening Mr. Marbach will preach on "The Tangled Roots of Murder" as expounded by Jesus. Sunday school and Christian Endeavor at usual time. Men please attend the Men's Oyster Supper and stereopticon lecture by Dr. Carl Mack, Tuesday, December 6th, at six o'clock. Welcome to any or all services.

Northminster Presbyterian Church—Walter E. Spoons, minister. Preaching at 10:45 a. m., and 7:30 p. m., by the pastor. The morning subject will be "How to Find Peace and Rest." Evening subject: "Jesus Sending Fire on the Earth." Sunday school at 9:30 a. m. William Bieber, Superintendent. Christian Endeavor at 6:30 p. m. Edward Joquin and Clarence Souza will give a report of the Boy's Conference which was held at Decatur last week. This will be an interesting meeting and all are

cordially invited to be there. Next Wednesday evening the prayer meeting hour will be given to the Sunday school work. All the teachers and officers of the school are requested to be at this meeting.

The Salvation Army, 108 East College street—Lieut. L. E. Hall in charge. Meetings for Sunday, Dec. 4, 1921: Sunday school at 2:30 p. m. Young People's Legion at 6:30 p. m. Evening service at 8 p. m. Meetings through the week: Tuesday evening at 8. Thursday evening at 8. Saturday evening at 8. Come and bring your friends. Welcome.

THE UNIVERSAL CAR

One-Ton Truck Chassis \$445
F. O. B. Detroit
With Pneumatic Tires and Demountable Rims

Does More For Less

THAT the Ford One-ton truck does more for the farmer or the merchant is proved by the great number of them now in daily use,—that it does this at less cost is shown by the actual figures—a smaller first cost and a much lower expense for operation and upkeep.

The Ford One-ton Truck has proved a great money saver, as well as a labor saver. It has solved the problems of economic transportation between the farm and the city.

The Ford One-ton truck has all the merits of the Ford car, with added strength for greater capacity. The worm drive of aluminum bronze gives unusual and positive power at a very low cost.

Come in and let us show you how the Ford One-ton Truck will help you and save you money in your work.

IMPORTANT

We are prepared to furnish the Ford Truck equipped either with Standard or Special Gearing. The Standard Gearing gives the truck a maximum of power. The Special Gearing increases the speed of the truck from five to seven miles an hour, converting it into a Fast Delivery Car.

First Church of Christ Scientist—523 W. State St. Sunday morning service at 11 o'clock. Subject of

And all he could say, was —"Well, good-bye, Jim—take keer of yourself"

THE POET, Riley, has told the story beautifully and well—how the old-fashioned father sent the boy out into the world. A heart full of affection and hope spoke only these words: "Well, good-bye, Jim; take keer of yourself."

Enough to say, enough to hope for, enough to do—take care of yourself—and there's the foundation of safety, the promise of success.

And how easy a thing to fail in! For instance, the common practice of coffee or tea-drinking administers to the system a dosing of drug whose harm has been pointed out repeatedly by medical men, sometimes in alarming terms—and whose effect is very commonly found in over-excited nerves, sleeplessness, irritability, indigestion, high blood pressure—loss of efficiency; failure to "get on."

The drug, caffeine in coffee and therein tea, acts as a whip upon the nerves. Over-whipped nerves may run away, or break down,—like an over-whipped horse.

Thousands of people have found for themselves that they cannot safely drink coffee or tea. Some have had the news broken to them by their physicians, and many are complaining about symptoms of nervousness, sleeplessness and lack of alertness during business hours, and wondering what the cause may be—when the cause probably is tea or coffee. A great many people who know they cannot safely drink coffee at night still hope they can go on with it at other times, and dodge the damage.

How easy it is to fail to take care—and how hard the consequences usually are!

A quarter of a century ago Postum brought to the world's dining table that kindest wish

of friendship and good will: "Take care of yourself." Cheerfully, pleasantly, happily, Postum has brought the message and shown the way to increasing thousands in every land—"Take care of yourself."

Postum is a pure cereal beverage, a cup of kindness from Nature's smiling grain fields—a table drink of charm without harm.

There's no drug in Postum—but plenty of satisfaction and comfort. Postum can be enjoyed by every member of the family—no need to draw the danger line and warn away the children as is usually thought necessary with coffee and tea. And no need to fear that Postum with the evening meal will rob the night of sleep—not Postum!

Postum is a friendly drink, always. And it fully satisfies. Those who have tried Postum as a relief from the ills of coffee and tea have kept on with Postum for itself. They have found better sleep, better feeling, better fitness—better health—and they do enjoy the taste of this splendid mealtime drink!

If you are not yet one of the great army of Postum users, you can make the experiment now, without a bit of trouble, and with no sacrifice to taste or comfort. Order Postum from your grocer today, or tell your waiter at the hotel or restaurant to serve it to you. You can get Postum wherever good food and drink are sold or served.

Have Postum prepared according to directions, make the test of its use for ten days, compare your feeling with the old experience—and see whether you want to turn back.

Postum points the way along the sunrise road—away from the risks—and gives you the message in which most of the good wishes of life are summed up—"Take care of yourself."

"There's a Reason" for **POSTUM**

TRADING ON STOCK

EXCHANGE LIGHT

By Associated Press.
NEW YORK, Dec. 3.—Trading on the Stock Exchange today was quiet in contrast with active sessions earlier in the week. The uneven trend of prices resulted from the customary week-end closing out of speculative accounts.

Steele and equipments again were favored because of consolidation rumors. Declaration of the regular dividend on International Harvester strengthened shares of that description. General Electric made a substantial addition to its recent advance and oils, some of the European group excepted, were strong.

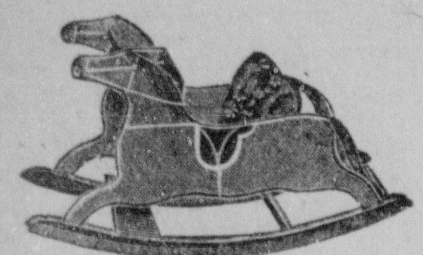

Of the domestic oils transcontinental was most prominent on confirmation of rumors that it had closed a deal with Standard Oil of California for joint operation of its large acreage in California. Rails were apathetic. The few changes in that group being confined to coals of secondary importance and the more popular Pacific and grangers.

Leather issues reacted but chemical and paper specialties improved on better trade conditions. Sales totaled 365,000 shares. Liberty and Victory issues comprised the greater part of the dealings in bonds. Several of the former scored new high quotations and both series in California net gains.
